CAREER SUMMARY

Data and digital systems professional with five years of experience across UN-system, developmental, and public organizations, combining hands-on CRM administration, Drupal, SharePoint, SQL/Power BI/Tableau reporting, and Python-based workflow automation with a track record of running segmented, measured communications initiatives and reporting outcomes to strategy and managerial decision boards. Background is institutional rather than commercial, but built on the same core method: structure the data, segment the audience, measure performance, report to decision-makers, and iterate. Filipino national based in Quezon City.

CORE COMPETENCIES

- **Information Architecture & CRM:** Directed the administration of Microsoft SharePoint and Dynamics at the WMO; developed the primary SharePoint framework for monitoring a portfolio for more than 100 global projects.
- **Analytics & Technical Reporting:** Knowledge in SQL, Power BI, and Tableau; utilized Python for process automation; currently pursuing certification in Data Science and Machine Learning.
- **Strategic Communications & Audience Segmentation:** Orchestrated targeted, multi-platform outreach via email and Community-of-Practice networks; achieved 80%+ reach in awareness programming and significantly reduced support requirements following system migrations.
- **Governance & Executive Coordination:** Presented knowledge-management and campaign metrics to strategic decision boards; synthesized field intelligence from 15+ global operations for institutional reporting.
- **Records Management & Data Stewardship:** Managed the migration and taxonomy structuring of 2,500+ institutional assets, ensuring full alignment with UN records management standards.
- **AI Integration & Digital Innovation:** Certified in CPMAI™ and AI Fundamentals. Leverages GitHub Copilot, Claude, and Midjourney to optimize research and design; developed and maintains a data-centric professional portfolio at timothycastillon.com

PROFESSIONAL EXPERIENCE

Independent Consultant – Communications & Programme Management
Global Technical Consultancy - Multiple International Development Clients (Remote) **February 2025 – present**

- Designed and managed end-to-end digital workflows to track project deliverables and donor reporting requirements for international development clients.
- Engineered automated workflow systems and structured content management frameworks to enhance cross-functional synchronization for international development clients.

WORLD METEOROLOGICAL ORGANIZATION (WMO)

Knowledge and Information Management Support Officer (P1)
Geneva, Switzerland **November 2023 – October 2024**

- Managed the configuration and administration of Salesforce and Microsoft Dynamics, driving institutional digital transformation and CRM optimization.
- Architected a Microsoft SharePoint framework for monitoring a global portfolio of 100+ projects for Programme Managers.
- Directed the adoption campaign and staff training for a full intranet migration, resulting in a measurable reduction in system support requirements.
- Orchestrated a segmented, multi-platform gender awareness initiative via email and Community-of-Practice networks, achieving 80%+ staff reach and reporting outcomes to executive boards.
- Expanded participation across 12 knowledge-sharing networks by 20% through targeted audience engagement and Community-of-Practice analytics.

Knowledge and Information Management Intern
Geneva, Switzerland **May 2023 – November 2023**

- Supported technical migration of institutional documents during the WMO intranet redesign, handling categorization and quality checks for accurate preservation of digital assets.
- Produced analytics and reports on Community-of-Practice activity, increasing participation by 20% across knowledge-sharing networks.

UNITED NATIONS HIGH COMMISSIONER FOR REFUGEES (UNHCR)

Communications and Advocacy Intern - Global Protection Cluster (GPC)
Geneva, Switzerland **September 2022 – May 2023**

- Managed the GPC's digital knowledge platform and public website on Drupal, ensuring timely dissemination of protection-related information among 15 global operations and to humanitarian actors globally.
- Produced multimedia advocacy materials and technical toolkits supporting 20+ international humanitarian campaigns.

- Drove a 109.7% increase in LinkedIn organic followers and 652 new Twitter/X followers in 6 months, generating 124,373+ social media engagements.

LOCAL GOVERNMENT ACADEMY (LGA)

Project Officer

Manila, Philippines **November 2019 – September 2020**

- Designed and orchestrated 5 national online training programmes for 300+ newly elected officials, ensuring governance continuity during the COVID-19 transition, and managed logistics and monitoring for 20 executive coaching sessions hosting 500+ elected local leaders per session (10,000+ interactions), optimizing digital platforms for mass participation.
- Produced comprehensive analytical reports for national stakeholders based on participation and outcome data, driving institutional programme improvements.

Project Assistant

Manila, Philippines **June 2018 – August 2019**

- Spearheaded the "Innovative Solutions Bank," researching and documenting 50+ governance initiatives from raw, uncatalogued data into a structured digital knowledge base. Supported the Human Resource Development Division in delivering three national-level training programmes for local government personnel.

UNIVERSITY OF THE PHILIPPINES DILIMAN

Student Assistantship, NCPAG Library

Quezon City, Philippines **August 2015 – July 2017**

- Organized and maintained academic and archival records with strict source integrity, while providing logistical and administrative support for 20+ academic programs and events, improving service delivery and reducing request turnaround time by 10%.
